

June 1st, 2021

To parents

KURONO Elementary School

Principal YASUSHI FURUTA

How to request delivery in an emergency

1 About delivery notification method

If you request delivery due to an announcement such as an alarm, we will notify you by "parental mail". If you receive an email, please come to pick up your child immediately.

2 About the flow of pick-up

① Go to the classroom and check with your child's homeroom teacher.

If you have siblings, please pick them up at the classroom for the smallest child.

All the siblings' children are waiting.

【Example】

If you have children in the 1st, 4th, and 6th grades, you will be in the 1st grade classroom with your 4th and 6th grade siblings. You will be picked up at the first grade classroom.

② We can only hand over your child to you or someone with a name on the handing over card.

Therefore, if you need to add to the delivery card, please contact your teacher in advance.

③ Please enter from the child entrance for the youngest child in the school and pick up at the classroom.

3 About children who are members of the "After School Children's Club"

Please come to the "After School Children's Club" regardless of the day of use.

After all of them gather in the workspace, the teachers of the children's club will lead them to the club location after school.

4 About parking lot

- The playground will be a parking lot.
 - It is a one-way street to avoid confusion.
 - Enter from the gate on the east side of the pool, park at the playground, and after picking up your child, exit from the south gate of the playground.
 - To leave school, turn right toward Saigo.
- ※Be careful when driving near the entrance, such as when children jump out.

Follow the staff's instructions (see figure below).
